Rules: PLEASE READ

Race bikes: Every racer must have their race number clearly visible on front AND side plates, in contrasting color (i.e. light color on dark color).

Pit bikes: Are a headache at these events; however, we want our racers and families to enjoy themselves and have an easy way of getting around the facility. PLEASE use common sense. **Go slowly, no roost and no wheelies in the pits; stay off the small track.** Your pass will be removed without argument if you are behaving poorly.

Protective Equipment: A DOT approved motocross helmet, mx boots, goggles, gloves, jersey and pants are required. - we recommend chest, knee and neck protection as well.

Protesting and Scoring: If you have an issue with scoring, go to the registration / scoring trailer, it will be parked next to the finish. If you have an issue with another rider, please talk to Kevin Sullivan (Referee) at some point before the end of the day, any Burnt River staff member will point you in the right direction. Race rules regarding penalization, flags, etc will follow 2019 MRC Amateur Rulebook; Chapter 2.

Campfires: Will be allowed in existing firepits, or above ground portable pits. Assuming there is no active fire ban. **Please do not create any new firepits.**

E-Bikes: Please do not bring your kids E-bikes to ride in the pits. Young kids do not have the judgment to avoid Traffic, and parents are too busy on race day to keep an eye on them. Bicycles are a safer option.

Side by Sides / UTV's: Will not be allowed on race weekends. Furthermore, please do not use your car or truck as a pit vehicle.

Noise Restriction: No excessive noise after 11 o'clock please. Generators will be allowed, please be considerate.

Pit Riding: Please only use your race bikes when riding to and from the start line.

If you have questions regarding the race series please text (do not call) Kevin Sullivan @ 905-868-5147.
